

2008-2009

- UGC sponsored Add on Certificate Course in ‘Herbal Therapy’ was introduced.
- The college was awarded grants under the UGC Schemes for Remedial Coaching Programmes for students of Minority and SC/ST communities.
- Two new language practice software from the United Kingdom to practice Conversation and Business Writing had been installed in the FAEA-sponsored Multimedia Language Lab.
- College Library had been improved with the provision of a leased line and internet access for all the systems. The EBSCO database was added.
- DSpace - a repository had been set up which stores information and material related to syllabi, question papers, e-books and seminar presentations. Faculty had easy access to the library and DSpace from their own faculty rooms.
- The Computer Laboratories had been upgraded and all the departments had been provided with computers and printers as well as internet facilities.
- Students were given the unique privilege of viewing their attendance reports online.
- Online registration for the General Elective Courses was introduced.
- Lightning Conductors had been installed to protect electronic equipment on campus.
- Signages have been erected in front of all the buildings, and the garden in the front of the main building had been landscaped.

- The existing Helene de Chappotin Block was renovated and an additional floor was constructed to provide more classrooms
- The construction of Mother Klemens hostel partially sponsored by the UGC, had been completed.
- Construction of a New Academic block began.
- The Centre for Women's Studies was inaugurated on 12 December 2009
