The Department of Fine Arts, Stella Maris College, has completed mural paintings on the campus walls.

Greetings from Stella Maris College!

The Department of Fine Arts, Stella Maris College, has completed mural paintings on the campus walls.

Taking plant ecology and biodiversity as the theme, 25 panels across the span of the campus walls celebrate the world of plants ranging from lush forests, fertile farmlands, and verdant cityscapes. The murals have been conceptualised in a folk style, taking as reference Gond art, and explore diverse themes that reiterate the need for sustainable and green practices.
