Stella Maris launches initiative to meet SWD goals

Students Hub, an initiative aimed at accelerating solutions for the 17 Sustainable Development Goals modelled of the United Nations. The student programme is led by the Department of Economics and will have students across courses working together to meet the goals.

SMSDSH was inaugurated by Sulthan Khalifa Haroon Al Rashid, United Nations Sustainable Development Goals Students Program Regional Officer (Asia-Pacific). Sulthan spoke about creating innovation in solid waste management and the importance of science

and technology in establishing scalable solutions. The Hub would facilitate creation of student-inspired innovative solutions and connect local action with global advocacy, said a release.

Sr. Rosy Joseph, principal, Stella Maris College; Sr. Judith Anita Gonsalvez, secretary; Regi Manimegala J, vice-principal (Shift I) and Millie Nihila, HOD Economics; SMSDSH faculty advisors Rebecca Devaprasad and Jumie George took part.

The student coordinators for the three wings of the Hub - Education, Solutions Lab and Community - were sworn in and projects proposed by the students were introduced, added the release.
