Don't be like that ever and ever do like that.

Women's are very strong person in this world. Political organization of a society change, women take the lead in helping the family and the women

are leading in all the posture in the world and adjust their life to the society like army, navy, air-force be like the achievements of the women in the nation is must bigger than and progress. Women higher level education leads to the lead a great and successful life and world and deliver their prettiest movements in the world. Women have to raise their voice to be patient and don't be like that we have to be example and role model to the all people and youngsters and they allowed to have an compulsory higher education and they treated in the way of life is different.

Women's are playing a important role in their life especially married women are very large in this, very cut the wings of women, let them fly and spread the fragrance. Women are the spirit of the nation and they are giving a proud of India. We have to give a respect to the women and treat well within a good manner that they will be make them be happy and be achieve in their life and their world. Protecting women and girls from violence and abuse while challenging against the crimes would over all create a much safer society. To women have overcome the situation and to have an independent role in society, women is the powerful weapon to compare with anyone and anything. Empowering women is the fundamental right of women and have all rights to do and

willpower.

In the modern society and technological world women are achieving more in the world a lot and lot. we have to encourage the people to do the work and their wishes that they want, because they have a mindset to do the world something meaning to all the poor people like studying, illness and give them a bold to come out from the fear and shyness of the world and come with their fearfulness. Now, the people are in politics, economics and in the most important role and post.

Finally, despite the progress towards women's empowerment there is still a long way to go. To make a women aware of their potential has now a become a need of the times and the government should implement the measures such as health, higher education, safe and secure employment women's awareness and so on. Five components of the women, women's sense of self-worth; their right to have and to determine the choices; their right to have power to control their own lives, both within to influence the direction of the social. Through determination and perseverance, in 1920 the United States Congress had granted the women have the fights to vote. It was the first step in a long journey for women to have the same rights as men.
