India is a famous country all over the world for its culture and tradition. It is the land of various culture and tradition. It is the country of oldest civilizations in the world. The vital components of the Indian culture are good manners, etiquettes, civilized communication, rituals, beliefs, values, etc. Even after the life styles of everyone has been modernized, Indian people have not changed their traditions and values. The property of togetherness among people of various cultures and traditions has made India, a unique country. People here live peacefully in India by following their own culture and traditions.
